

## About the Role

We are seeking a passionate and skilled **Senior Backend Engineer** to join our dynamic team. In this role, you will have the opportunity to design and build scalable APIs, manage databases, and collaborate closely with frontend teams to deliver high-quality software solutions. You will also play a crucial role in mentoring junior engineers and leading code reviews, ensuring that our codebase remains robust and maintainable. If you are excited about working in a collaborative environment and are eager to make a significant impact, we would love to hear from you!

## Key Responsibilities

- Design and build scalable APIs that meet the needs of our applications and users.
- Manage and optimize databases, ensuring data integrity and performance.
- Mentor junior engineers, providing guidance and support to help them grow in their roles.
- Lead code reviews, promoting best practices and maintaining high coding standards.
- Collaborate with frontend teams to integrate user-facing elements with server-side logic.

## Required Qualifications

- Proficiency in Python and experience with FastAPI.
- Strong knowledge of SQL, particularly with PostgreSQL.
  - Familiarity with containerization technologies such as Docker and orchestration tools like Kubernetes.
- Experience with cloud services, specifically AWS.
- Understanding of CI/CD practices and tools.

## Preferred Qualifications

- 1-3 years of experience in backend development or related fields.
- Experience working in Agile development environments.
- Familiarity with microservices architecture.
- Knowledge of performance tuning and optimization techniques.
- Strong problem-solving skills and the ability to work independently as well as part of a team.

## Why You'll Love Working With Us

At our company, we believe in fostering a collaborative and inclusive environment where every team member's voice is valued. You'll have the chance to work on exciting projects that challenge your skills and push the boundaries of technology. We prioritize professional development and offer opportunities for growth within the organization. Join us and be part of a team that is dedicated to innovation and excellence!
