

## About the Role

As a Senior Backend Engineer at our company, you will play a pivotal role in designing and building scalable APIs that power our innovative solutions. You will be part of a dynamic team that values collaboration and continuous learning, where your expertise will help shape the future of our backend systems. This is an exciting opportunity for someone who is passionate about technology and eager to mentor junior engineers while working closely with frontend teams to deliver exceptional products.

## Key Responsibilities

- Design and build scalable APIs that meet the needs of our applications and users.
- Manage and optimize databases, ensuring data integrity and performance.
- Mentor junior engineers, providing guidance and support to foster their professional growth.
- Lead code reviews to maintain high-quality standards and share best practices within the team.
- Collaborate with frontend teams to ensure seamless integration and delivery of features.

## Required Qualifications

- Proficiency in Python and experience with FastAPI for building robust applications.
- Strong knowledge of SQL, particularly with PostgreSQL, for effective database management.
  - Familiarity with containerization technologies such as Docker and orchestration tools like Kubernetes.
- Experience with AWS services and cloud-based infrastructure.
- Understanding of CI/CD processes to streamline development and deployment.

## Preferred Qualifications

- Previous experience in a tech-focused role, ideally in backend development.
- Familiarity with Agile methodologies and working in a collaborative environment.
- Knowledge of additional programming languages or frameworks is a plus.
- Strong problem-solving skills and the ability to work independently as well as part of a team.

## Why You'll Love Working With Us

At our company, we foster a collaborative environment where innovation thrives. You'll have the

opportunity to work with talented professionals who are passionate about technology and committed to excellence. We believe in investing in our team members' growth, providing mentorship opportunities, and encouraging continuous learning. Join us to be part of a supportive culture that values your contributions and empowers you to make a real impact.
