Mason Williams

(567) 890-1234 | mason.w@email.com | LinkedIn | GitHub

Summary

A passionate Software Engineer with internship experience in backend development. Strong skills in Python and building REST APIs with Flask. Familiar with SQL database principles and version control with Git. Eager to learn new technologies like FastAPI and Kubernetes in a fast-paced, collaborative environment.

Experience

Software Engineer Intern | Connectify Social | Summer 2024

- Contributed to a backend service by adding new API endpoints using Python and Flask.
- Wrote and maintained unit tests to ensure code reliability.
- Interfaced with a MySQL database to fetch and store application data.
- Collaborated with frontend interns to integrate new features.
- Used Git for version control and participated in the team's Agile workflow.

Education

Bachelor of Science in Computer Science | Northern University | Expected May 2025

Skills

- **Languages:** Python, SQL, C++
- **Frameworks:** Flask
- **Databases:** MySQL, SQLite (Familiar with PostgreSQL)
- **Tools:** Git, GitHub
- **Concepts:** REST APIs, Object-Oriented Programming, Data Structures
